

Texas Sea Grant - Community Engaged Internship (TXSG-CEI)

Summer Opportunity: Paid Internships for Undergraduate Students with an Interest in Coastal and Marine Sciences

Sea Grant's Community Engaged Internship (CEI) aims to broaden participation in coastal, ocean and marine sciences by offering paid internships to students in any field of study, with an interest in coastal and marine sciences. The CEI is a national program partnering with Sea Grant at colleges and universities in all coastal states. **This opportunity focuses on Texas Sea Grant's TXSG-CEI Program.**

WHEN: Summer internship is 8 - 10 weeks and generally runs June 1st into August.

STIPEND: Interns will be paid a stipend of \$6,000 to be used based on travel and project's scope of work needs.

WHAT YOU WILL DO: TXSG Extension Team Mentors will engage TXSG-CEI interns in projects in field work, extension, outreach and/or public engagement. Details and requirements of internships vary by the specific TXSG-CEI Projects listed on page 2. There will be 4 projects with separate project links for applying.

Interns are expected to participate in all aspects of the Community Engaged Internship Program:

- ***On-the-ground learning experience on a TXSG-CEI Extension project may include:***
 - Completion of a TXSG-CEI project that extends the knowledge of community stakeholders to address coastal, marine issues of environmental, economic and/or social importance, and
 - Participation in any and all TXSG-CEI professional development and training opportunities.
- ***Mentoring*** by Texas Sea Grant Extension professionals.
- Virtual ***professional development*** sessions.
- Virtual ***Graduation Ceremony*** to celebrate accomplishments, network with peers and other professionals. Participation in pre/post ***evaluation***.
- Texas Sea Grant TXSG-CEI Program Competition will open Feb 2nd and will **close Feb 27, 2026**. Notification of selection will be made by email by **April 15, 2026**.
- ***TXSG-CEI Project selection will be determined by*** the applicant's interest by applying to a specific TXSG-CEI Project link, application quality, skills, interest and experience, and a brief virtual interview with the mentor, coupled with understanding of the location of the project and applicant's ability to relocate for the 8-10 week term. A monetary stipend of \$6,000 will be made available to the intern to cover transportation to the work site and/or for housing costs. Texas A&M University campus ***housing can be arranged for the intern if desired*** (campus housing costs would be deducted from the total internship stipend). Interns are welcome to make their own local housing arrangements if not utilizing campus housing.

ELIGIBILITY: Interns must be enrolled in an undergraduate degree program at a 2- or 4-year college or university in Texas.
